## Trade Mission for ABMA and AGMA / October 2024

The American Gear Manufacturers Association (AGMA) along with the American Bearing Manufacturers Association (ABMA), is conducting a trade mission to Mexico in October 2024, and you are cordially invited to be a part of this unique experience.

The trade mission will include plant tours, business meetings, and networking sessions with approximately 20 executives from the power transmission industry. Our goal is to learn more about the Mexican power transmission industry, in the hopes of conducting further business in the region.

ABMA and AGMA are trade associations representing bearings and gear manufacturers for more than 100 years, focusing on technical standards and education for the industries

Sincerely,

Matthew Croson  
President  
AGMA

Jenny Blackford  
President

Trade Mission for ABMA and AGMA 2024

A unique destination in northeastern Mexico, distinguished by its geographic location, landscapes, work culture, and people.

Monterrey, as a metropolitan area, is known as “The City of Mountains.” It is the third largest city in Mexico, adorned with its impressive buildings and innovative shopping centers, where traditional haute cuisine will delight you with its unique flavors.

The Sierra Madre Oriental runs through the state from northeast to southeast, leading to rivers, waterfalls, valleys, mountain ranges, and canyons; a paradise for those who love adventure sports and admire nature.

Trade Mission for ABMA and AGMA 2024

Guarded by the Popocatepetl and Iztaccíhuatl volcanoes, from the Sierra Norte with its misty and colorful environment to the south in the Tehuacán-Cuicatlán Valley with its landscapes full of cacti, for these reasons and more, Puebla is the best option for your next trip.

The Historic Center of the capital city, built with domes, towers, bells, Talavera, brick, and white mortar, has been declared a UNESCO World Heritage Site since 1987.

The crafts of the people of Puebla have brought great pride to Mexico through the magical hands of the indigenous artisans.

Trade Mission for ABMA and AGMA 2024

Mexico City is known as the Cultural Capital of America. It is one of the richest and most fascinating destinations in the world, not only because it is one of the top three cities with the highest number of museums, but also because it combines a historical legacy filled with flavor thanks to its varied gastronomic offerings, recognized by food lovers for its local, traditional, and great international fusion cuisine.

The city that has it all is the epicenter of the most important cultural, sports, and artistic festivals in Latin America. Those who choose Mexico City as their travel destination will enjoy cultural roots full of magic, customs, and great traditions in a metropolis that contrasts with green spaces full of life.
